■ EXPERIENCE

AJICOD - FREELANCE
WEB DEVELOPER | CLOUD ADMINISTRATOR

2022 - 05 | Present

I have worked on projects primarily using web programming languages such as Typescript and Php/Laravel. Additionally, I have experience in managing cloud servers and administering databases. Here are some of the projects I have worked on:
- elmanat.com: An educational platform and an online learning and teaching marketplace.
- welivron.com: A delivery system that simplifies the management of packaging and delivery process for both sellers and customers, from shipment to delivery.

TECHNOPEK - INTERNSHIP
FRONTEND DEVELOPER

2022 - 03 | 2022 - 04

One month internship at Technopek company.
Tasks performed:
- Creation of web interfaces using JavaScript and Laravel Blade.
- Front-end integration of mockups for existing web-based school management dashboards using Laravel.

DIGITAL ELITE - INTERNSHIP
FULL-STACK WEB DEVELOPER

2021 - 10 | 2022 - 01

Two months internship at DIGITAL ELITE company.
Tasks performed:
- Modification and addition of new functionalities for an existing web school management application using Laravel.
- Design and frontend integration of mockups using Vue.js for a projects management project.
